RE: FPP 20-22 Old Stone No. 2 Major Subdivision Preliminary Plat Request

Dear Erik:

Thank you for the opportunity to comment on the above referenced subdivision. The landfill capacity currently available is from 30 to 60 years based upon an annual tonnage increase of 2% per year respectively.

The District requests that all new subdivisions use a private hauler to bring the solid waste to the landfill. Owner hauling of solid waste from the subdivision should not be the primary method of disposal. North Valley Refuse is the (PSC) Public Service Commission Licensed hauler in this area. Their business phone number is 406-862-4381.

After reviewing the project summary, I believe that the issue of solid waste disposal has been addressed.

Please feel free to contact me with any questions. My direct number is 406-758-5773. Thank you again for the opportunity to comment on this project.

Respectfully,
